

Philippe Picot de Lapeyrouse (1744-1818)

Ce personnage qui a marqué la botanique des Pyrénées est présent dans le manuscrit d'Houbigant au travers d'une planche gravée exceptionnelle représentant un **Saxifrage longifolia** au plus fort de sa floraison.

Avocat, puis naturaliste, [Romme de Carleprouss](#) et historien amateur, il voyagea en 1766 en Espagne.
